

COVID-19 community forum

Available now to all healthcare professionals

The European Respiratory Society is pleased to announce the launch of the **COVID-19 community forum**. The platform is designed to support discussion on key topics relating to the outbreak – enabling healthcare professionals to share expertise and experiences, ask questions and discuss concerns.

Current topics open for discussion include:

- Triage and diagnosis
- Acute care
- Chronic care and discharge issues
- Treating COVID infected children
- Logistic aspects
- Mental health
- Managing drop out

How do I access and contribute?

ERS members:

Just sign in using your [myERS](#) details to join a discussion or suggest a new topic.

Non-members:

This platform is available to all interested healthcare professionals. In order to access the discussions and/or contribute, you need to [sign up](#) for a myERS account below.

COVID-19: More resources and ways to get involved

The forum is the latest addition to ERS's free to access COVID-19 resources and is complemented by the recently launched [COVID-19 blogs: In the line of duty](#). The

blogs focus on the experiences of health professionals who are working on the front lines of the COVID-19 outbreak.
